About Maker Summit..

MakerSummit is the premier event for grass root innovations in India. It is the celebration of arts, crafts, engineering, science, the Do-It-Yourself (DIY) mindset and the Maker Movement. It's a platform for the like-minded folks, who bring to life a diverse range of raw, unique and unconventional ideas ranging from pottery to 3D printing. In short, there's some for everyone. You think you have it in you? Come, take a quick peek and meet the maker in you. Get ready to inspire, get inspired, and explore what tickles your curiosity. COME. CREATE. BAKE. MAKE. SHOWCASE. .

FACILITIES WE PROVIDE

We also provide access to the MACE fab lab, mechanical and electronics labs and also provide mentors to help in your making.
